

## DB Developer Belgrade

Hyperoptic is creating waves within the broadband market and with more surfers riding the waves of 1Gbps broadband speeds – the business is growing fast. If you're looking for an exciting challenge that is rewarding and enjoyable then read on....

### The Mission

Hyperoptic is more than just an internet service provider; it also installs its own fibre infrastructure into multi-occupancy buildings, bringing the UK's fastest internet speeds to users. We are also deploying Wi-Fi service into residential and business venues which is the highest speed technology available to take advantage of our gigabit backhubs. Reporting to GIS Specialist your mission will be to design, build, maintain and analyse GIS system providing a valuable asset to aid the company's rapid growth.

### Responsibilities and duties will include:

- Designing and maintaining the GIS database
- Technical authority for GIS Database (PostGIS)
- Mentoring junior members of the team
- Working closely with business stakeholders to perform complex spatial analyses to help drive smart business decisions
- Working as a bridge between the GIS team and the main software development team to aid integration of GIS in our company BOSS
- Designing and creating GIS software tools to support the company GIS user base
- Lead the analyses of GIS project requirements
- Participate in training, mentoring and monitoring the professional development of GIS Technicians and Analysts
- Supporting company GIS users. Creating GIS training and reference material

### Person specification:

#### Essential

- ✓ Advanced SQL, Query Performance
- ✓ 5 years of database development experience: architecture, DB procedure, Triggers, Indexing...
- ✓ 3 years of programming experience
- ✓ Experience working with stakeholders to gather requirements
- ✓ Excellent written & spoken English language skills

#### Desirable

- ✓ Understanding of GIS concepts
- ✓ Experience of working in GIS
- ✓ QGIS knowledge
- ✓ Knowledge of Python
- ✓ Knowledge of OpenLayers Javascript library
- ✓ Experience in cable/fibre deployment concepts would be an advantage

## Hyper Standard: RIZE Values

Value	Reliability	Intelligence	Zeal	Excellence
Principle	Deeds are more important than words	Use your brain at every opportunity	Demonstrate passionate determination	Quality separates us from the competition
Behaviour	Do what you say you will to customers, stakeholders, and colleagues	Overcome challenges, ask questions & consider alternatives.	Go above and beyond to make things happen	Double check work & don't make the same mistake twice

The role will be based in Belgrade. The successful candidate will be offered a monthly salary and participation in a company incentive scheme.

If this role is of interest and you believe you've got what it takes to be a part of a fast-paced and energetic business, we'd love to hear from you. Please send us your CV: [tara.markovic@jakalounge.com](mailto:tara.markovic@jakalounge.com)
