

Hyperoptic is creating waves within the broadband market and with more surfers riding the waves of 1Gbps broadband speeds – the business is growing fast. If you're looking for an exciting challenge that is rewarding and enjoyable then read on...

For our Development department in Belgrade, we are looking for a

QA Engineer

Reporting to the QA Lead, we would like you to:

- Create and maintain scripts manual testing
- Create and maintain QA documentation (Test plans, Test cases and Test reports)
- Participate in Test planning
- Perform functional and non-functional tests
- Work closely with business users and dev team to ensure issues/bugs are clearly and actionably described and recorded
- Document process steps for the recreation of bugs/issues

If you are

- Interested in debugging and investigations
- Creative, intelligent and diligent
- Problem solving oriented
- Fluent in English, both written and spoken
- Future proof

Check if you can be our **QA Engineer**

- ✓ You have 2 years of software testing experience
- ✓ You practice methodical approach with attention to detail
- ✓ You are comfortable communicating with both business users and developers
- ✓ You have basic database experience (preferable MySQL)
- ✓ It would be an advantage if you have scrum experience

To fit in the team, check if you share our values

Value	Reliability	Intelligence	Zeal	Excellence
Principle	Deeds are more important than words	Use your brain at every opportunity	Demonstrate passionate determination	Quality separates us from the competition
Behaviour	Do what you say you will to customers, stakeholders, and colleagues	Overcome challenges, ask questions & consider alternatives	Go above and beyond to make things happen	Double check work & don't make the same mistake twice

The role will be based in our Belgrade office. The successful candidate will be offered a monthly salary and participation in a company incentive scheme.

If this role is of interest and you believe you've got what it takes to be a part of a fast-paced and energetic business, we'd love to hear from you.

Please send us your CV: eta.sateles@jakalounge.com
